CITY AND COUNTY OFFICIAL PAPER

FREE COINAGE 16 to 1

For President and Silver: W. J. BRYAN, of Nebraska For Vice-President.

ARTHUR SEWALL, Maine

We demand the immediate restoration of the free and unlimited coinage of gold and sliver at the present legal ratio of 16 to , without waiting for the aid or consen of any other nation. We demand that the standard silver dollar shall be a full legal tender, equally with gold, for all debts public and private and favor such legislation as will prevent the demonetization of any kind of legal tender money by private contract. - Democratic National Silve

The administration at Washington has finally come to the conclusion that the bond issuing business is becoming unpopular and have concluded to engage in it no longer. Selah.

The general rains reported from almost every portion of the territory, are very encouraging. The meaning is fat cattle, improved ranges, greater possibilities for the farmers, water in the bills for prospectors, and general prosperity for all.

After his nomination Bryan sent the New York World a dispatch saying: "The restoration of silver to its ancient place by the side of gold will in my judgement restore the parity between both kinds of money and thus permits return of prosperity. The World, which did such effective work in behalf of an income tax, will find a still larger field of usefulness in fsupporting the gold and silver coinage of the constitution."

"We had an epidemic of dysentery in this vicinity last summer," says Samuel S. Pollock, of Briceland, Cal. "I was taken with it and suffered severely until some one called my attention to Champerlain's Colic, Cholera and Diarrhoe Remedy, I procured a bottle and felt better after the first dose. Before exehalf of the bottle had been and I was well. I recommended it to my friends and their experience was the same. all unite in saying it is the best." for sale by Druggists.

The National Matte Smelter.

A practical and simple method of matting sulphide ores, such as nickle, copper, gold and silver ores. In localities where lead ores and fuels are scarce and almost unattainable, our pyritic, water jacket Matte Smelter has been recognized with highly satisfactory results, and has been thoroughly tested on various pyratic, sulphide and arsenide ores, in capacity of 2 to 80 tons per day. It is the most practical, cheapest and simplest method of gold and silver ore matting and concentrating that is known today.

It requires no extraordinary skill, no lead ores, no fluxing material, and no fuel of any kind for the amelier after it is started. The sulphur in the ore is its natural fu-l only, and its cost has

For your Protection .- Catarrh "Cures" a Tonios for Catarrh in liquid form to be taken internally, usually contain either Mercury or Iodide of Potassa, or both, which are injur-ious if too long taken. Catarrh is a local, not a blood disease, caused by sudden change to cold or damp weather. It starts in the masal passages, affecting eyes, ears and throat. Cold in the head causes excessive flow of mucus, and, if repeatedly neglected, the re-sults of catarrh will follow; severe pain in suits of catarrh will follow; severe pain in the head, a roaring sound in the ears, bad breath, and oftentimes an offensive dis-charge. The remedy should be quick to allay inflammation and heal the membrane. Ely's Cream Balm is the acknowledged cure for these troubles and contains no mercury ser any injurious drug. Price, 50 cents.
